

First Christmas night

Tonight
Wise men and sheep
Will be guided by our light

Tonight
It's your beauty
That will make the world peaceful and bright

**Tonight
Kings will kneel before our love
That gleams high above**

**Tonight we shall praise
Our first Christmas night**

Tonight
My heart is filled
And I thank thee for this life to be

Tonight
The lonesome lamb
Has found his way back to the family

**Tonight
Kings will kneel before our love
That gleams high above**

**Tonight we shall praise
Our first Christmas night**

**Tonight
The angels sing before our love
That beams in the sky**

**Tonight we both praise
Our first Christmas night
Our first Christmas night**
